Remember your username and password
• Access the Virtual Classroom according to the instructions received, or the direct link to the course.
• If it is the first time you access a course with an enrollment key, enter the password only once, and afterwards always log in with the username and password you have created.

If your name appears in the upper right-hand corner, that confirms that you are logged in.

In courses where an enrollment key is required, enter the password that you received here.
